

Image Quick View

The Image Quick View feature provides the ability to view thumbnails of the images in an article right from the EBSCOhost Result List, Citation View, or the Folder. There are two ways you can search for articles featuring Image Quick View results.

To search for articles with Image Quick View from the Basic or Advanced Search Screen:

1. Enter your search terms into the **Find** field.
2. Apply the **Image Quick View** limiter found under Limit Your Results.

Or select one or more specific Image Quick View types (i.e. Black & White Photograph, Color Photograph, Map, etc.) from the **Image Quick View Types** limiter.

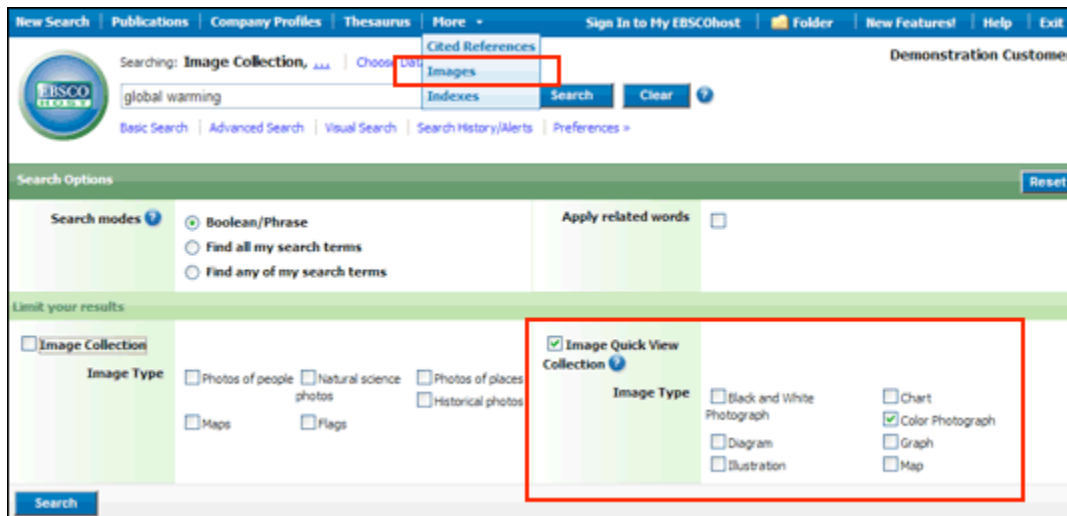

The screenshot shows the EBSCO Academic Search Premier search interface. At the top, the search term "Global Warming" is entered in the search box. Below the search box, there are navigation links for "Search Options", "Basic Search", "Advanced Search", "Visual Search", "Search History/Alerts", and "Preferences". The "Search Options" section includes "Search modes" with radio buttons for "Boolean/Phrase", "Find all my search terms", "Find any of my search terms", and "SmartText Searching". The "Limit your results" section includes checkboxes for "Full Text", "Scholarly (Peer Reviewed) Journals", "References Available", and "Image Quick View". The "Image Quick View" checkbox is highlighted with a red box. Below it, the "Image Quick View Types" section includes checkboxes for "Black and White Photograph", "Color Photograph", "Graph", "Map", "Chart", "Diagram", and "Illustration".

3. Click **Search**.
4. Your results are displayed and limited to only those with Image Quick View available. To view an image, click on the thumbnail from the result list or the article citation view.

To search for articles with Image Quick View from the Image Collection screen:

1. On the top toolbar, click **Images** from the **More** drop-down menu.
2. The Image Collection Search Screen Appears. Enter your search terms in the **Find** field.

3. Apply the **Image Quick View Collection** limiter or if desired, select any specific Image Quick View types.
4. A result list of available Image Quick View images with links to their corresponding articles is displayed.

The screenshot shows the EBSCO database search interface. At the top, there is a navigation bar with links for 'New Search', 'Publications', 'Company Profiles', 'Thesaurus', and 'More'. The search bar contains the text 'global warming' and has 'Search' and 'Clear' buttons. Below the search bar, there are links for 'Basic Search', 'Advanced Search', 'Visual Search', 'Search History/Alerts', and 'Preferences'. The main content area is divided into three sections: 'Narrow Results by' on the left, 'All Results: 1-10 of 101' in the center, and 'Limit your results' on the right. The 'Narrow Results by' section shows 'Database' and 'Image Collection' selected. The 'All Results' section displays a list of four search results, each with a thumbnail image, a title, author information, and image type. The 'Limit your results' section includes a 'Filter by Publication Date' range from 2003 to 2008 and an 'Update Results' button.

Search Results: Boolean/Phrase

- Image found in article: [The Down-to-Earth Guide to Global Warming.](#)**

5. Click a thumbnail to view the full image or click the **Image found in article** link to view the full article details.

Note:

- The library administrator decides whether Image Quick View will be available.
- Support for this feature varies by database.
